## *The Dedication*

Mr. Vaught, our annual photographer for six years, has helped make The Guardian the success it is. He has attended all our activities and instead of being able to relax and enjoy the programs, has taken and planned pictures for the annual.

Mr. Vaught's family consists of Iva, his wife, and Joan, their daughter. He has many friends in the surrounding area and is an active member of the Baptist Church. Besides photography, Mr. Vaught has a deep interest in flowers, particularly roses, and has a beautiful garden at his home.

The Annual Staff of 1964 expresses sincere thanks for his many hours of hard work to better our annual.

Our best wishes and hopes for the future to you, Mr. Vaught, to whom we dedicate our annual, THE 1964 GUARDIAN.

# *Our Food*

*for our bodies*

*for our minds*

*for our souls*

Each day we take food for our bodies; likewise we should each day feed our minds with knowledge, "for knowledge is power", and our food for the present and the future. But these nourishments alone will not suffice us; we must drink deeply of the spiritual draught and eat of the "Bread of Heaven", so that our lives may be full of kindness and love, one towards another. Food for the body--the mind--the soul, is needed on the journey of life.

As graduating Seniors, we challenge you who follow us to partake of this food for thought and to raise your own standards-physically, mentally, and spiritually to better our school, community, and lives.

## FAIRFAX HIGH SCHOOL

For many years we have gone to F. H. S. It holds many memories for us, some we will always remember and some we will forget.

The school consists of the high school building, elementary building, agriculture-home economics building, and the gymnasium. Our latest addition is the music room, which was built last year.

We the Senior Class of 1964 regret leaving these memories and Fairfax High School behind us, but we look forward to a bright, new future filled with many opportunities.

# Administration

We are living in perilous times. This year's graduates face problems of tremendous significance to the future of mankind. It is my hope that the training these graduates have received thus far will help them to assume their share of the burden.

Best Wishes to the Class of 1964

*Melvin L. Twaddle*

## SENIORS OF 1964

You deserve congratulations on your educational achievements that you have accomplished thus far. You have received some basic principles that should assist you in continuing your education. My sincere hope and wish is, that you continue on. Have faith in your own ability, in your fellow men, and in God, then I am sure you will be happy, and have a prosperous future.

*M. P. Kruse*

Dear Class of 1964,  
To thine own self be true,  
And it must follow, as the night the day,  
Thou canst not then be false to any man.

1964

God hath not promised  
Skies always blue,  
Flower-strewn pathways  
All our lives through  
God hath not promised  
Sun without rain,  
Joy without sorrow,  
Peace without pain.

But God hath promised  
Strength for the day,  
Rest for the labor,  
Light for the way,  
Grace for the trials,  
Help from above,  
Unfailing sympathy,  
Undying love.

-- Adapted

On January 13, 1964, our school and community were saddened by the loss of Steven Kirk Kruse, son of Mr. and Mrs. David L. Kruse and a member of the senior class. Steve's friendly ways and cheerful personality were remembered by everyone. Steve enjoyed fishing, working on his grandfather's farm, and participating in many school activities, showing particular talent in the study of English. As our first year of I.H.S. draws to a close, we will sorely miss our friend and classmate.

# *A Glance at the Past*

## **1952-1964**

On August 25, 1952, twenty-seven bright-eyed youngsters entered the doors of Fairfax School. We found our way to the first grade room and were greeted by Miss Grace Finch. Our immies signed us in as: Kenny Volner, Gary Jones, Stephen Donnell, Sandra Kucannor, Sharon Price, Reed Wake, Elizabeth Tolby, Bobby Irvine, Bobby Graves, Steven Kiese, Larry Driskell, David Wasserman, Clifford Boyd, Joann Johnson, Cheryl Volker, Beverly Whitford, Marciana Whitford, Billy Laenen, Diana Henson, Sarah Price, Nancy Thompson, Cheryl Smith, Janice Randall, Lyle Oliver, David Deardern, Connie Willis, and Linda Luckey. **Our first year was spent learning the three R's and making new friends.**

We were guided through our second year of school by Mrs. Margaret Thomson. That year Betty Tunnell, Ronnie Whitman, Mary Plummer, Gary Hughes, Jimmy Hughes, Ricky Annahan, and Susie Vogel joined our class. Clifford Boyd moved during the year, so we had thirty-three pupils in our class. Remember our field trip to the dentist's office?

Our third grade teacher was Mrs. Eva Cofer. At the beginning of school we met Larry Burke and Larry Browning. During the year we lost Larry Driskell, Gary Hughes, Jimmy Hughes, **Diana Henson, and Marciana Whitford.**

Our fourth grade class consisted of the same students except for Betty Tunnell, Elizabeth Tolby, Nancy Thompson, Ronnie Whitman, and Janice Randall. Donnie Crews was added to **our class that year. Mrs. Eula Fraser was our teacher.**

We began our fifth grade year in the new grade school building. Mrs. Juanita Hain was our teacher. Stephen Donnell and Kenny Volner left our fifth grade class. We gained Diana Henson that year. On the last day of school we went to Wabunzie State Park for a picnic. Connie Willis, Beverly Whitford, and Cheryl Volker probably remember the picnic best because they went exploring the plants and got lost. They were rescued by three heroic fifth grade boys.

At the beginning of the sixth grade we had some new classmates to meet. They were: William Driskell, Denny Nauman, Karen Miles, Rita Mitchell, Richard Miles, Corinne Davis, and Robert Turnbaugh. During the year Gary Jones, William Driskell, and Robert Turnbaugh moved away. Mrs. Marla Bunness had the job of trying to teach us something and of keeping us under control.

We were finally in the seventh grade. We gained many new students that year. They were: Phyllis Rowe, Paula Lewis, Nancy Thompson, Ella Mae Schlap, and Janice Foster. From Dareview came Phil Close, Herbert Cottle, Dwayne Hall, Virginia Hall, Joyce Jones, Jim Lewis, Phyllis Swackhamer, and Twyla Long, and from Irish Cove came Tom Resler, Irma Pope, and Evelyn Olson. During the year Ella Mae Schlap, Janice Foster, and Twyla Long left. It took all of us quite a while to get used to our divided class and to so many different teachers.

We gained Yvonne Catt, Gary Proffitt, and Ed Stoakes during the eighth grade. We got to have a prom that year. Remember all the streamers and confetti? Denny Nauman and Karen Miles moved away before graduation, so thirty-nine of us graduated on May 29, 1960.

We started our high school years with thirty-five members in our freshman class. Donnie Crews, Evelyn Olson, Yvonne Catt, and Ed Stoakes had moved. During the year Elizabeth Tolby and Gary Proffitt moved away. Our freshman officers were: Lyle Oliver, President, Phyllis Swackhamer, Vice-President, Beverly Whitford, Secretary, Treasurer, and Joann Johnson, Social Chairman. **Mr. Arnold Warner was our sponsor.**

Virginia Bailey and Jack Vernon joined us our sophomore year. Larry Burke had moved away so we had thirty-six members. Our officers were: Phil Close, President, Herbert Cottle, Vice President, Phyllis Swackhamer, Secretary, Treasurer, and Joyce Jones, Social Chairman. **Mrs. Corinne Mitchell was our sponsor.**

Larry Browning left during our Junior year. Mrs. Gene Haun and Mrs. Martha Evans were our sponsors. The class officers were: Bob Graves, President Jim Lewis, Vice-President Phyllis Swackhamer, Secretary, Connie Davis, Treasurer and Steve Kruse, Social Chairman. Everyone had a very busy year. In November we chose our class rings which we received in March. We served the invitational tournament Phyllis Swackhamer was our basketball queen, our class play was *CHEAPER BY THE DOZEN*, and on April 27 we gave the Junior-Senior Banquet and Prom with the theme of 'Hawaiian Sunset'.

Our Senior year is our final step toward graduation. Nancy Thompson and Virginia Bailey have left our class and Gary Jones has joined it. Our officers are: Jim Lewis, President, Richard Miles, Vice-President, Joann Johnson, Secretary Treasurer and Cheryl Volker, Social Chairman. Mrs. Gene Haun and Mr. Tom Adams are our sponsors.

We have been kept very busy during our senior year. On October 4, we went to St. Joseph to have our pictures taken, and on November 23, we presented our class play, *STAG LINE*. Cheryl Volker was our football queen and, Lyle Oliver was our basketball king. In January we were saddened by the loss of a friend and classmate, Steven Kruse.

Marching up the aisle to the music of 'Pomp and Circumstance' are: Phil Close, Herbert Cottle, Connie Davis, David Deardorff, Bob Graves, Dwayne Hall, Virginia Hall, Diana Henson, Sharon Price-Ingram, Bob Irvine, Joann Johnson, Gary Jones, Joyce Jones, Sandra Kincannon, Jim Lewis, Bill Laelien, Richard Miles, Rita Mitchell, Phyllis Swackhamer, Jack Vernon, Sasie Vogel, Cheryl Volker, Reed Wake, David Wassertallen, Rick Wennihan, Beverly Whitford, Lyle Oliver, Irma Pope, Sarah Price, Tom Resler, Cheryl Smith, and Connie Willis.

This is the end of our high school days. All the happiness and sadness we have experienced in our twelve years of school at Fairfax will be a part of our most cherished memories. There is no more to be said. Our feelings at this time are best expressed by our motto: "In ourselves our future lies".

## *All Our Worldly Goods*

We, the Senior Class of Fairfax High School, Fairfax, Missouri, during our last days of sanity do declare this to be our last will and testament.

**To the Sophomores we will the ability to keep the teachers busy.**

Lyle Oliver wills to Stanley Osborn Lyle's desire to play football. **But remember Ozzie, don't get too big a spare tire this summer. Watch your diet!**

To Pam Van Leaven, Connie Willis leaves her ability to keep Mr. Gilson busy thinking up themes for her to write.

Phil Close leaves his constant habit of getting to school late to Rod Thiesfeld.

**Cheryl Volker leaves her onion peeling ability to Sue Vaught.**

To Connie Umbarger, Phyllis Swackhamer wills her all around Girls' Athletic ability.

Richard Miles wills his Stoney Burke tombstone to Reed Smith and Steve Whittington.

Joann Johnson wills to Julie Hackett the ability to sing tenor. **You'll learn in no time at all, Julie!**

To Robert Thomson and Bill Vogel, Gary Jones wills his good scores in tractor driving contests.

Reed Wake and Rick Wynnman leave all their good houses to get out of Stage Hall to Bill Price.

David Wasserfallen wills all his valuable excess writing paper to Fred Harnies.

To Diane Mitchell, Rita Mitchell leaves the ability to get more nights out a week than she ever got.

Firma Pope and Sue Vogel leave their sewing achievements to Louise Windhorst and Pat Koenig.

To Harvey Ireland, Tom Resler wishes to leave his ability to give good speeches in speech class.

Jim Lewis wills his key to the cemetery gate to Wayne Miles and hopes that Wayne won't wear the key out.

To Ann Schooler, Joyce Jones leaves her musical talents and her place as pianist in Chorus.

Diane Henson and Cheryl Smith will the right to use their private road to Rock Fort to Renea Smith. **Don't wear it out completely, Renea.**

To Jim Bradfield, Bob Graves wills his basketball point average and also all his excess conceit.

To Lana Hunter, Sandra Kincannon wills her quiet ways and serenity. It comes in handy when you're trying to get the car for the day, Lana.

Bev Whitford leaves her 'But Coach' to Carol Dammie and also all her old things she had to write in Sociology class in case Carol ever needs them.

Bob Irvine wills to Rank Wake the ability to find a girl like Connie Willis to keep him out of trouble.

To Sheila Burgess, Sharon Ingram leaves her time-saving methods in housekeeping so that Sheila can keep up with her housework and homework.

Bill Luellen leaves a year's supply of No-Doze pills to Vernon Gray so that he can stay awake and alert in his classes and have lots of fun his Senior Year.

To Jim Resler, Jack Vernon leaves his outspoken ways in classes.

Sarah Price wills her patient manner to Marilyn Whitford so that in turn Marilyn can teach her father to have patience also.

This will is signed, sealed, and entrusted to the care of the recipients this twenty-fifth day of April, 1964.

## *A Glimpse of the Future*

Mr. Kruse has just returned from the Alumni Banquet of 1974. Strangely enough, all the graduates of 1964 were able to attend the banquet and Mr. Kruse spoke to each one personally. The entertainment was riotous, as always, and the meal was quite filling. When he reached home that evening, he had a slight case of indigestion. He took some Alka Seltzer before retiring. That night his dreams were haunted by the 1964 graduates of Fairfax.

Among the visions was Phil Close. Phil is now an accomplished bachelor and is living in New York City. He maintains a small apartment by teaching history at a large high school. He must be 28 by now and still single. Is that the old Phil Mr. Kruse used to know?

Firma Pope is a nurse at a large metropolitan hospital. She is quite a CAsP. Her main problem is her inability to lose the string of interns that follows her around all day. She leaves the impression that she really doesn't try too hard, though.

Hubert Cottle is at the present time the owner of "Haby's Heavenly Hideout", a plush gambling casino in Reno, Nevada. He enjoys his work, and, until chips go out of style, he will be able to keep his young wife in diamonds and furs.

Paylis Swacknamer is a research chemist at the University of California and is working for her Doctorate. At the present time, she is involved in her most extensive experiment yet. She is trying to develop a formula for a tonic which will grow hair on bald men. She is prompted in the experiment by the fact that she married an older man who is bald-headed.

Jack Vernon is a car salesman. He's better known to his satisfied customers as "Trader Jack." His career must have started with that famous pitch, "Tell you what Willis, I'll sell you ten ham salad sandwiches for a dollar."

Gary Jones has earned a Master's degree in agricultural engineering. During his two years at M U, he met a lovely coed. Gary and his wife are managing a large Australian farm which is owned by Art Linkletter. Gary has one problem Missouri farmers don't --- kangaroos in his corn!

Sandra Kincannon has a thriving little restaurant in Greenup, Kentucky. She's leaving the 'mountain dew' alone but she has found a 'Jethro' to occupy her mind. She is a gourmet when it comes to fixing possum belly and grits.

Sarah Price has been handing out homework to sixth graders for five years now. Her answer to every girl's problem, came in the form of her boss, the superintendent. There's was a whirlwind romance - the honeymoon was interrupted by a county teacher's meeting.

After graduating from the University of South Dakota, David Deardorff became a forest ranger. Now he's working right along with Smokey the Bear to help prevent forest fires. He carries his Robin Hood Bow and Arrows everywhere he goes.

Mr. and Mrs. Jim Lewis are now living in Green Bay, Wisconsin. Jim is a member of the Packers' squad and is doing fine. It is said that he does more Wheaties advertisements than any other professional football player. Jim is busy building his own team and Cheryl spends most of the time in the hospital---as a nurse.

Bob Graves is now a coach and math teacher in Long Beach, California. His teams are making quite a name for themselves and their coach. It's rumored that Bob has turned down a coaching opportunity at Southern Cal since he has become so famous.

Bill Laellen has made a great name for himself in the circus profession. He pulled himself away from his sword swallowing act long enough to attend the banquet with his wife, the "Lady on the Flying Trapeze."

Joyce and John Pearce managed to return from their world cruise in time for the banquet. They have been traveling for two years, ever since they struck oil on their Texas ranch. Besides oil, they raise cattle, horses, and kids. They have become regular ten-gallon-hat Texans.

David Wasserfallen is now one of the new earthonauts. Earthonauts are those dedicated men who are trying to reach the center of the earth. David explained that his main objective is to find out whether the earth's core is chewy or chocolate cream.

Diana Henson has learned to suppress her giggles and has become head librarian at the Library of Congress. As you all know, here, 'silence is golden,' and so is the ring on her finger.

Reed Wake has entered a wonderful and rewarding profession. He is an internationally known playboy. His old nickname of high school days has stayed with him, and "Popeye" is always on the list of invitations for parties given by the Jet-Sets of every European country. He is often compared to Troy Donahue, and the European women seem to be wild about him.

Mr. and Mrs. Dwayne Hall and their three "little dears" are now living in Indianapolis where Dwayne is a mechanic in the pits at the well-known speedway there. Dwayne is quite a racing fiend. Connie testifies that he's putting the fifth transmission in his new car. Mr. Kruse wanted to remind him to watch those speed shifts.

The former Virginia Hall is traveling with her husband who is a naval officer. He is now stationed in Hong Kong, and Virginia sailed back to the States to see her classmates once again. She confided to Mr. Kruse that she became somewhat seasick on the journey, but he promised not to let on to her husband.

Doctor Lyne Lee Oliver has a booming practice in Hollywood. He's straightening out all the great Hollywood star's love affairs. It's a well known fact that many of them (mostly women) would go to no other psychiatrist. Lyne's office boasts the plushest psychiatrist's couch and the one in most demand in all California.

Cheryl Smith has a top government job. She is governess for former President Johnson's grandchildren. She reads them Fairy Tale Stories every night for bedtime fun. They plan to go into politics as their grandpa did.

Tom Resler took time from his fast paced campaign to solicit votes from all Fairfax Alumni. He's running for Representative from Missouri and has been kissing a lot of babies---not all are cradle size.

Connie Davis leads a fascinating life abroad. She is a foreign correspondent for the New York Daily Times. Connie just finished covering an assignment concerning Prince Moola, that wealthy, handsome, dashing playboy. It is rumored he is choosing a Princess. According to reliable sources, Connie is the first and only one on his list.

Joann Johnson has become a licensed hospital technician, but she has given up full-time practice to be chief-cook and bottle washer for the Whitford crew. They are living comfortably on their farm near Fairfax.

Another graduate of 1964 is in show business. It's Rocky Mills, better known to Mr. Kruse as Richard Miles. Rocky has taken this stage name since he has become a dancer and has received two great western series, 'Stoney Lark' and 'Tonbstone Territory'. He even played in them once himself.

Mr. Don Ingram, the husband of Sharon Price Ingram has been busy arranging his well known construction company. Sharon convinces him to hire a saxophone for the live date ones so they could return to Fairfax for the banquet. They traveled on the new super highway built by his company, which joins New York and Los Angeles. Sharon is very proud of her husband's achievement.

Rock Jernigan is a well established pharmacist. He wishes he had studied his chemistry a little harder in high school, though. The greatest problem of all concerning his work is reading the doctors handwriting. It's not that they're such terrible writers, it's the fact that he's never with Latin ever since "Et tu Brute" in literature.

Mr. Kruse was very happy to see Dr. Beverly Whitford. All her classmates were thrilled to learn about her exciting experiences as our first woman President's private physician. It was nice to get in on all that high-brow gossip first hand.

Mr. Bob Irvine spent a little time in the Superintendent's office as a high school student. Because of his great experience, and his understanding for teen problems, he decided to become a superintendent too. He is really making A H's with the kids. His wife, the former Connie Mills, who also has a degree to teach, sometimes does substitute teaching in the same school that keeps Bob busy. She can't do that too often because she is kept busy raising a brood of their own.

Sue Vogel is now married and living in Texas. She has two little children who keep her very busy. She's doing fine with her budget--after her extensive study of budgeting in Home Economics.

Mr. and Mrs. Gene Steadman are now living in Chicago where Gene is an aspiring young executive at the Chicago Stock Yards. Mrs. Steadman, the former Rita Mitchell, told Mr. Kruse that she and Gene have mixed right in with the "high society" of Chicago. Now Rita has her own maid and butler. As a result of having so much free time, she has taken up golf and has become the champion lady golfer at their country club.

When Mr. Kruse woke up the next morning, he was very happy and content because his indigestion was gone and because the graduates of 1964 were doing so well.

## OUR SCHOOL SONG

We're loyal to you, Fairfax High  
To the green and white, Fairfax High  
We'll back you to stand  
You're the best in the land  
For your true loyal band, Fairfax High.  
RAH! RAH!  
So keep that in mind, Fairfax High,  
We're pledged to your shrine, Fairfax High  
Our School is our fame protector  
Lead on that we may do great things for  
Our own high school band.  
Bring out that dear old flag of green and white,  
Lead on ye students for the right we fight,  
Like men of thrift and courage  
Placing reliance, shouting defiance,  
RAH! RAH! RAH!  
Amid the broad green fields that nourish our land,  
For honest labor and for courage we stand,  
For unto thee we pledge our hearts and hands,  
Dear old Fairfax High you are so grand.

Hayden Pyeatt.

## *F. H. A.*

Guys and Dolls donned western shirts and colorful skirts at the annual Barnwarmin', which was held on November 15, 1963. Refreshments were served by the F. H. A. girls. The F. F. A. boys decorated the gymnasium with hay, cornstalks, and pumpkins to give a rustic setting to the affair.

## Band

Through the years Parkview High School has had a very successful band. This year the band has continued to grow in quality, and we feel confident it will grow even stronger in years to come. The band traveled to many contests this year and received nothing lower than a two rating. At the Maryville contest, April 10, 11, and 12, the band played first in the class "D" division. From Maryville, seven judges and three songs totaling twenty-two students traveled to Columbia, Mo., and by Mr. Melvin Edwards and Mr. and Mrs. J. C. Corns. Everyone is very proud of the band and wishes it continued success. The music department and the entire school will be proud of Mr. Corns and wish him happiness in his future work.

This year the Girls' Chorus worked very hard at improving its singing techniques and also its library. The girls worked on many new and standard selections both sacred and secular. The Chorus received a No. II rating at the District Contest this year. They also performed well for different programs and assemblies.

This year the music department formed a Mixed Chorus. This was the first group of its kind in the history of F.H.S. The members of the group practiced on their own time after school and in the evenings. It gave a number of performances and was well accepted at each of these. We hope this group will continue to grow and will become a permanent part of the music department of F.H.S.

The boys on the 1963 grid team experienced a very fine season. They won first place in the 275 Conference. The bulldogs placed four boys on the All Conference team and put two players on the All District teams. The boys on the team want to express their sincere appreciation to Mr. Adams and Mr. Gilson for their excellent leadership.

There's no business like show business,

Everything about it is appealing.  
Anything that traffic will allow.  
Nothing else can be quite so revealing,  
As when you're stealing that extra bow.  
There's no people like show people.  
They smile when they are low.  
Yesterday they told you,  
You would not go far.  
Tonight you open, and there you are.  
Next day, on your dressing room,  
They hang a star.  
Let's go on with the show.

# *We Had Fun at Kalfran Lodge*

Twenty seven Seniors and their sponsors, Mr. and Mrs. Tom Adams and Mr. and Mrs. Albert Evans, left for the Ozarks at 1 00 Saturday morning, May 23. A few miles from North Kansas City one of the buses broke down. Mr. and Mrs. Adams stayed with the ailing bus while the rest of the group continued on their merry way. When they reached Kalfran Lodge they found a wealth of things to do --boat rides, plane rides, skiing, and swimming in the Lake or the pool. Delicious meals were served three times a day and there was a weiner roast on the beach every night at 11 00. The '64 graduates attended the Ozark Opry Saturday night, and Sunday night they enjoyed the Moonlight Cruise. All Seniors and the sponsors returned Monday, May 25, a tired and sunburned but happy lot.
